CI-30B

Banknote deposit solution
for Retailers

reddot award 2018
winner industrial design

A scalable banknote deposit automation device with advanced authentication and sorting features. CI-30B facilitates large quantities of banknotes to be deposited by Retailers, into a secure device, within their back office environment. Deposits are processed quickly and efficiently, eliminating manual cash handling procedures and reducing cash processing costs.

Available with 3 high-capacity banknote storage cassettes, CI-30B can be deployed to meet varying customer needs, such as mixed note storage or by note classification; fit, unfit, denomination.

CI-30B is an intelligent banknote deposit solution with a large banknote storage capacity (three cassettes) and secure UL-291 safe. With advanced authentication and sorting features, CI-30B is designed to address high-volume banknote deposit requirements and numerous retail back-office cash handling processes.
